

archmodels vol. 78

2010

Have you ever lost your race with time doing visualizations? Have you ever been embarrassed of unfinished renders, spending all night on the modeling process, instead of rendering? If you are an architect, and if you need to work fast but with highest precision, this is the thing for you. Archmodels

volume 78 gives you 40 professional, highly detailed objects for architectural visualizations. This dvd comes with high detailed models of electronic appliances with all textures, shaders and materials. Why waste costly time for making something that you can have from the best at Evermotion?
